2. G. O. No. FFD 17 FWL 76, dated 24th August 1977.
3. Proceedings of the meeting held in the Chambers of the Chief Secretary on 27th July 1978 to discuss the question of the organisation set up of the Mysore Zoo.

PREAMBLE :—

In the Government Order cited (1) above, the Mysore Zoo which was under the control of the Horticulture Department was placed under the administrative control of the Forest Department, as it was considered incongruous to keep it under the former Department and after examining in detail the arrangements existing in other States as Well.

The question of separating the Zoo from the administrative control of the Forest Department to function separately as a Minor Department or to set up an independent organisation such as a Society registered under Registration of Societies Act to be designated as the "Zoo Authority of Karnataka" was under the consideration of Government for some time past, in the context of deaths of several valuable animals which occurred in the Zoo. With this end in view and after examining the matter in all its aspects with reference to the proposals made by the Committee of officers in this behalf that there should be an independent organisation to deal with the establishment and maintenance of Zoos in the State, the Government have now decided that a Society registered under the registration of Societies Act and designated as "The Zoo Authority of Karnataka" should be set up to look after the Mysore Zoo as also all the other Zoos existing in the State.

ORDER No. FFD 354 FWL 78 (1), BANGALORE, DATED THE 8TH JANUARY 1979.

2. This authority (Society) have jurisdiction over the existing Zoological Gardens of Mysore and also on such other Zoological Gardens or Zoos as may be established anywhere in the State from time to time. It could extend its jurisdiction over National Parks, Game Preserves etc.

3. The existing officers and officials of the Horticulture Department who have been working since many years in the Mysore Zoo and whose nature of work is such that the experience they have gained over the years would render them more useful to the Zoo rather than to the Horticulture Department, should be transferred initially from the Horticulture Department to the Forest Department. After the Society is formed they may be deputed to the Society until such time as the Society is able to build up its own staff The Chief Conservator of Forests (Development) may submit suitable proposals in this behalf.

4. To enable the Authority to incur expenditure on Registration, Animal food, pay and allowances of the staff for the remaining period of the financial year etc., a sum of Rs. 2 50 lakhs is placed at the disposal of the Authority.
